

## Center City Neighborhood Association Danville, Illinois

March 31, 2008

Neighbors:

The second season of the Center City Neighborhood Association is to begin April 3, 2008. During the first meeting we will talk about goals that our group would like to achieve this year. We'll also reflect on the successes that were accomplished during the previous season. I'd like to invite all of the residents of the neighborhood to attend this first meeting. It will provide us with a chance to reconnect after the winter break and to meet new neighbors. I also want to thank all of the people who participated at meetings and events last year. Without your cooperation there would not be a second season.

Sincerely,

Adam Aull, Neighborhood President
