

Center City Neighborhood Association Danville, Illinois

Do not place in mailboxes.

June 24, 2008

Dear Neighbors:

The main topic of the June 5th meeting was healthy homes. Maintaining a healthy home is vital to the health of the family and the structural integrity of the house. There are more than 5 steps, but last month we only covered Keep it Clean, Dry, Pest Free, Safe, and Ventilated. A CD-ROM disk was provided as a hand out. This disk contains many, many useful documents including topics on allergies, lead paint, mold & moisture, and radon. This disk is a great resource library. I have more available. If you are interested in one please contact me, 446-3084.

Other items of interest include recognizing 1226 Oak as this month as making a difference in the neighborhood. The yard sign has been placed. Please stop and see their great efforts. Individual Center City neighborhood signs are also available at the trophy and sign shop in the former Wagner Key location. These signs are generally 6 inches and will be a way to indicate participation with the group.

I would also like to thank our new members from 1105 Franklin and 1105 Oak for joining the group. A neighborhood association is only as strong as the quantity and the participation of its residents. The reputation of our neighborhood is changing for the better and I appreciate all of the help from each one of you. Also attending that meeting was Alderman Mike Puhr. Alderman Puhr assisted us with several concerns.

Next month our meeting day will be 1 week later than usual. July 3rd is prone to having low attendance due to the holiday weekend. So the date has changed to July 10, 2008. Make sure to mark your calendars with this change. The new principal of Garfield School has expressed interest in speaking to the Center City neighborhood association. Principal DeMarko Wright will be the guest speaker.

Lastly, a neighborhood website is currently being developed. Once it is up and running the site in association with email will be used to notify the residents of meetings and events. The monthly flyers will soon be discontinued. Please make sure to provide me with your email address.

Sincerely,
Adam Aull, President

Center City Agenda

Location: 1236 Walnut St

Date: July 10, 2008, 7 pm

- 1) Introduction of Members
- 2) Guest Speaker – Principal DeMarko Wright
