Do not place in mailboxes.

September 27, 2008

Dear Neighbors,

Center City's recent meeting of September 4, 2008 provided us with the time necessary to complete the planning of our neighborhood ice cream social. An invitation has been created to invite the residents of Center City and staff of Garfield Elementary School only. The social is to be held on September 27, 2008 from 5:30 PM to 7 PM. Custard Cup will be providing the custard and topping will also be available. This is a no-cost event, although entry requires an invitation flyer. Please bring your favorite lawn chair.

Starting over the winter months, Center City will begin putting together a neighborhood plan. This plan will be the foundation for the goals, activities, and future of the area. There will be brainstorming sessions periodically to develop ideas of what we would like to suggest for the plan. Once completed, Center City will be guided through the years toward attaining goals and rebuilding the neighborhood. Not only will we continue to eliminate nuances, we will also be equipped to tackle those issues which require long term solutions. Send an email to info@centercitydanville.org indicating you are willing to participate and include your name and address.

The group voted on the September placement of the recognition sign. This month it is located at 1219 Oak Street. Adam and Jenny are recognized for the improvement work they have completed both inside and outside their home. They are a leading by example by picking up the trash in the streets and alleys, participating on neighborhood activity days, and leading the neighborhood association. Adam and Jenny enjoy the neighborhood and are devoted to making it a better place for everyone.

The website for Center City is now live. These monthly letter reports are available online and shall be distributed via the website AND email. **This is the final letter that will be delivered door-to-door.** You will want to bookmark the URL <http://www.centercitydanville.org> and send an email to info@centercitydanville.org for inclusion on the distribution list. When you send your email please include your name and address.

The October 2, 2008 meeting will have a **guest speaker**. Master Gardener Dan Hile shall speak on getting your plants, lawn, and trees prepared for winter. *The final yard waste pick up is the second week of December.* You will not want to miss out on this one.

Sincerely,
Adam Aull, President
